About "My Florida Vacation".....

Now you can visit Orlando at the time you want, and choose just the activities you like, or choose to just relax at our condos (with pool, sauna, fitness center, etc) for an enjoyable getaway. Not only individuals, but couples and family members can enjoy a customized assisted vacation in central Florida--perfect for honeymoons and celebrations!

Prices are per calendar day per person, and days are customized for the activities you want to do (of course, if you are bringing a friend you will have to agree on activities each day!) Sleep until noon, or get up early to watch a sunrise over the Atlantic; Try bungee jumping or look for alligators at Merritt Island--it's all your choice!

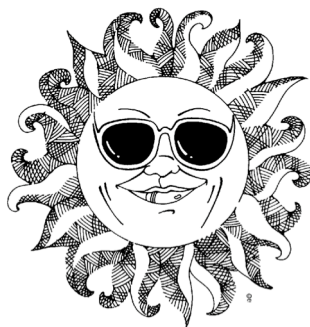

Airfare is not included--we will ticket for you and bill, or you can purchase your own airfare if you prefer. You can choose the airline and routings you prefer!

Participants must be able to get into a car with minimal assistance. Use of canes, walkers, manual wheelchairs, etc are generally fine, and wheelchairs can also be rented at theme parks if walking distance is an issue.

Remember: It is your vacation! We only take one customer and up to two friends at a time--you are not sharing the vacation with people from other agencies.

Included:

Meals, Staff supervision, Lodging (with pool), Orlando airport assistance, Local transportation (to restaurants, activities, etc.). Community activities are optional and cost extra and can be chosen from our smörgåsbord (see "Optional Activities"), or suggest your own!

These tours are available December through April.
